pot o' gold

of a high school

and its students . . .

How swiftly time passes on the campus of DeVilbiss.

In retrospect we see a year of significant experiences . . .

· of scholastic recognition . . . of individual honors . . .

of championships . . . of prize-winning publications . . .

of records in community service . . . of social successes . . .

of building redecoration and expansion.

Now, the 1955 Pot O'Gold illuminates that year with its treasury

of glowing memories.

the busy principal . . .

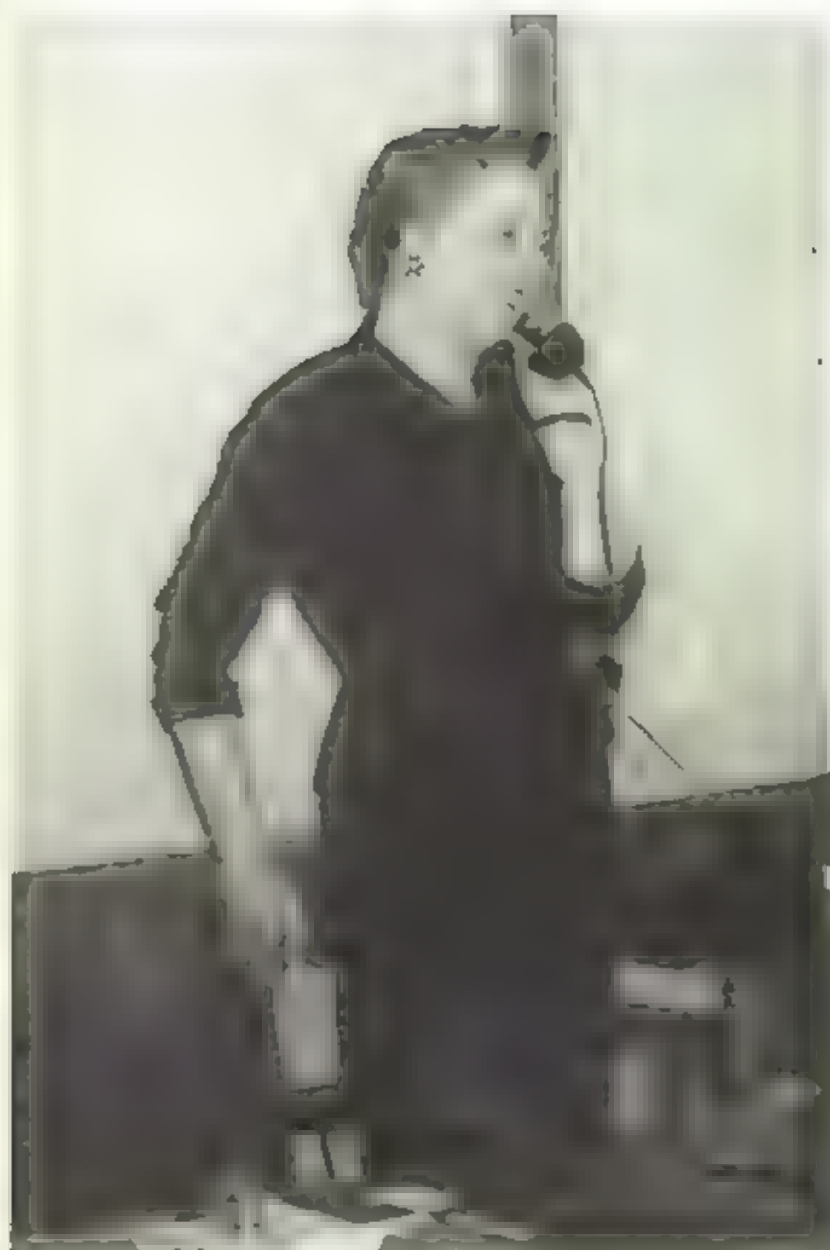

proud of "his" high school . . .

And the school's best booster is Merritt C. Nault. No one is more devoted to DeVilbiss than its principal who since the opening of the school in 1931 has been its administrator. He has always been personally interested in his students and in their accomplishments. His interest continues in past graduates into college and careers. It is the fine administrative ability that LeVilbiss is the ranking school. This is recognized by his colleagues and recognized as an exceptional leader. Mr. Nault was named president this year of the Ohio High School Principals Association.

Mr. E. L. Bowsher,
Superintendent
The Toledo Public Schools

The Toledo Board of Education

Mildred A. Pasch

Miss Pasch through years of training and experience is well qualified to be the Counselor of Girls. She is a leader with composure — a valuable asset in such a demanding position. Whether she is working with the girls in personal matters and adjustments or concerning them concerning their interests and needs she is patient and understanding. Her wide interest in student life has been shown by her attending their numerous social affairs. Active in various professional organizations Miss Pasch has also had for several years the responsibility of guiding the DeVilbiss chapter of the Future Teachers of America.

Russell G. C. Brown

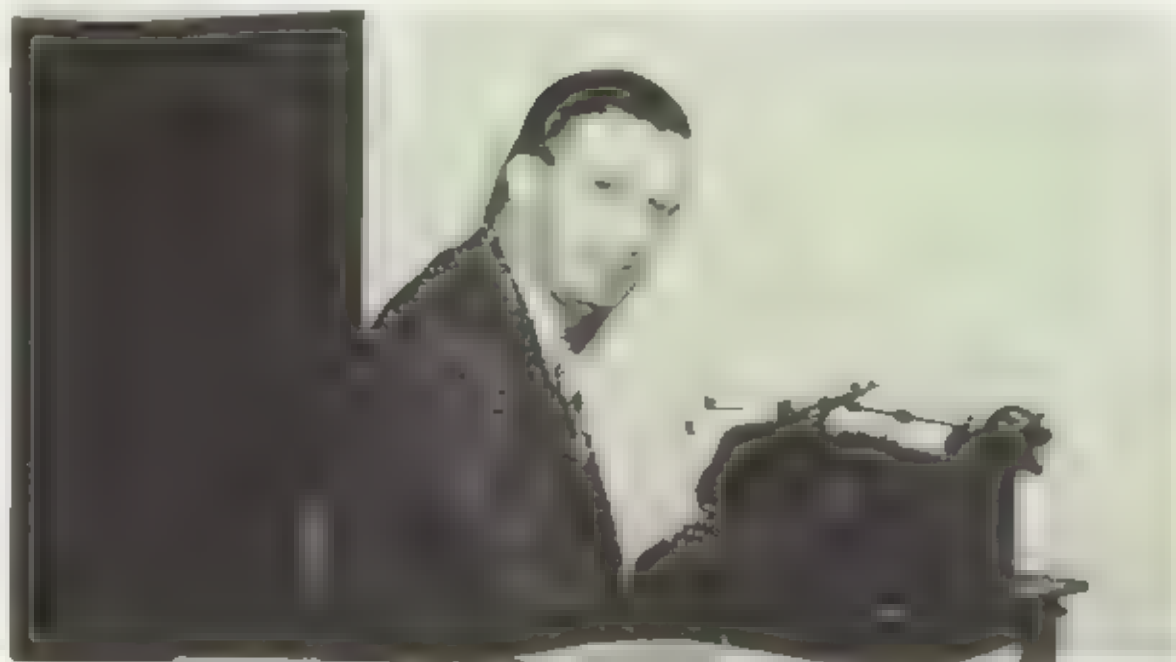

As a counselor Mr. Brown has always been highly regarded for his sincere interest in all the students of DeVilbiss. Not only in the boys who needed guidance and advice. Everyone will long remember and regret his untimely loss. His sense of humor, his fairness, his soundness of judgment. Through his important counseling Mr. Brown has ministered the extraordinary relationship. Adviser to the freshmen boys and to the Snarps and Fure Males. Also he remained close to the students.

principals . . .

This year Mr. Conrad, former freshman coach and social studies teacher, was assigned a new position, that of supervising instruction and curriculum. His many duties include setting up classes, adjusting schedules, advising in essay contests and college scholarship tests, and solving numerous other curricular needs. In this manner Mr. Conrad contributes to maintaining the high standards of DeVilbiss.

Irvin C. Conrad

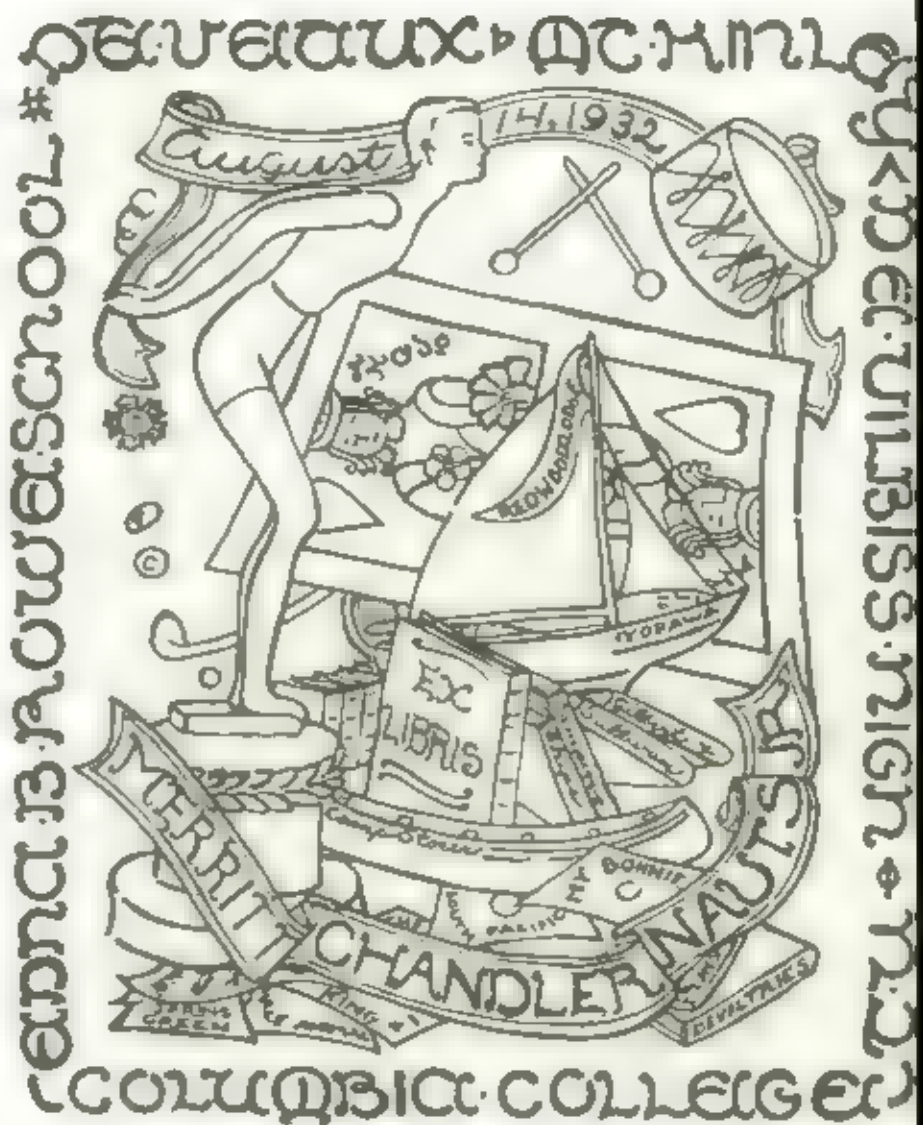

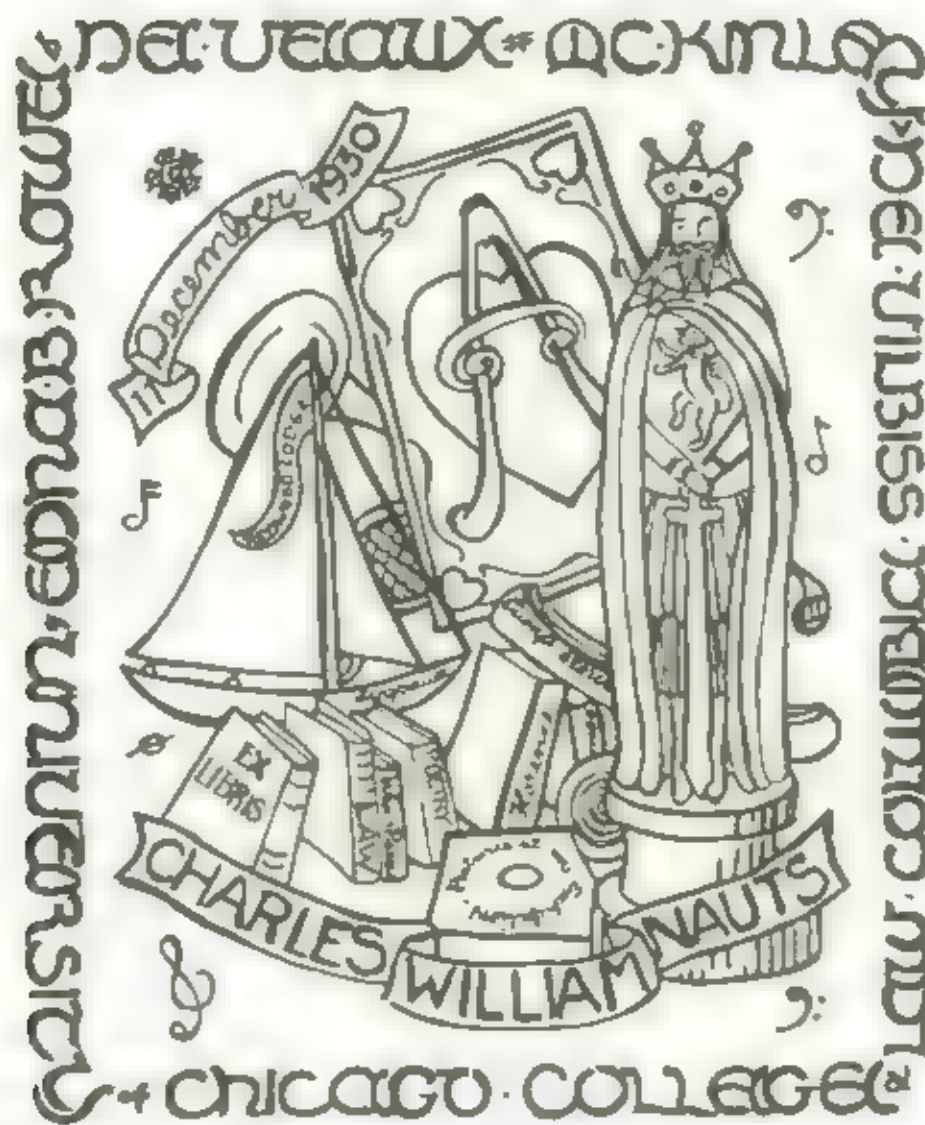

Robert E. Rettig

Mr. Rettig, as Director of Activities, working with the Student Council and the Student Council Commissions, strives to build a more democratic DeVilbiss. He is interested in having every student participate in some extra-curricular activity. With his dynamic personality he is really achieving his goal! Every year, under his direction, more and more clubs are formed, larger and better school functions are held. Mr. Rettig is certainly a significant part of DeVilbiss life.

Helen Barrington Nauts

A Tribute . . . to the late Mrs. Nauts was developed by Mrs. Nauts was at the request of her three sons for an original bronze plate for each of them. In thinking of this she decided to work out a design that would reflect the types of scholastic and extracurricular interests in the school years from nursery school through completion of their college experiences. The designs include an interpretation of the many values they received in their years at DeVilbiss as reflected in their daily comments to their mother. It is her best expression of appreciation of the many contributions of the school to the development of her sons.

At the national convention of high school principals held in February 1966, an honor program was presented on the topic "The Role of the Wife of the Principal" at which all of the types of activities of the wives of principals in the life of the high school were presented. It was enlightening to hear reviewed the many ways in which wives participate in and contribute to school and community programs centered around the activities of students. It is a real privilege to have the opportunity to express my tribute to the life and contribution Mrs. Nauts felt in the many initiatives she received to participate in the life of the school as well as the wife of the principal.

sophomores . . . confident and carefree

For the first time in the history of D. V. School, the Sophomore class has elected four officers to lead them through the year. President Virginia Smith, Vice President Mary Ann F., Secretary Mary G. and Treasurer John Smith are the four officers.

With the help of Mr. Smith, the four officers have organized the class and have been very successful. The year has been a very successful one for the Sophomores. They have been very active in the school and have been very successful in their studies. They have been very confident and carefree.

city champions again!!

Facing the monumental task of rebuilding after the loss of all but three key men who brought the Tigers their first city championship last season, Coach Hilton Murphy was quite pleased when his team blanked Findlay. Bob English and Dale Pittman looked like real veterans as they ran up the score. Over 7,500 fans saw a determined Waite team deadlock the Tigers. As in later games, Ernie Spychalski inspired the team and did much work to set up the scoring.

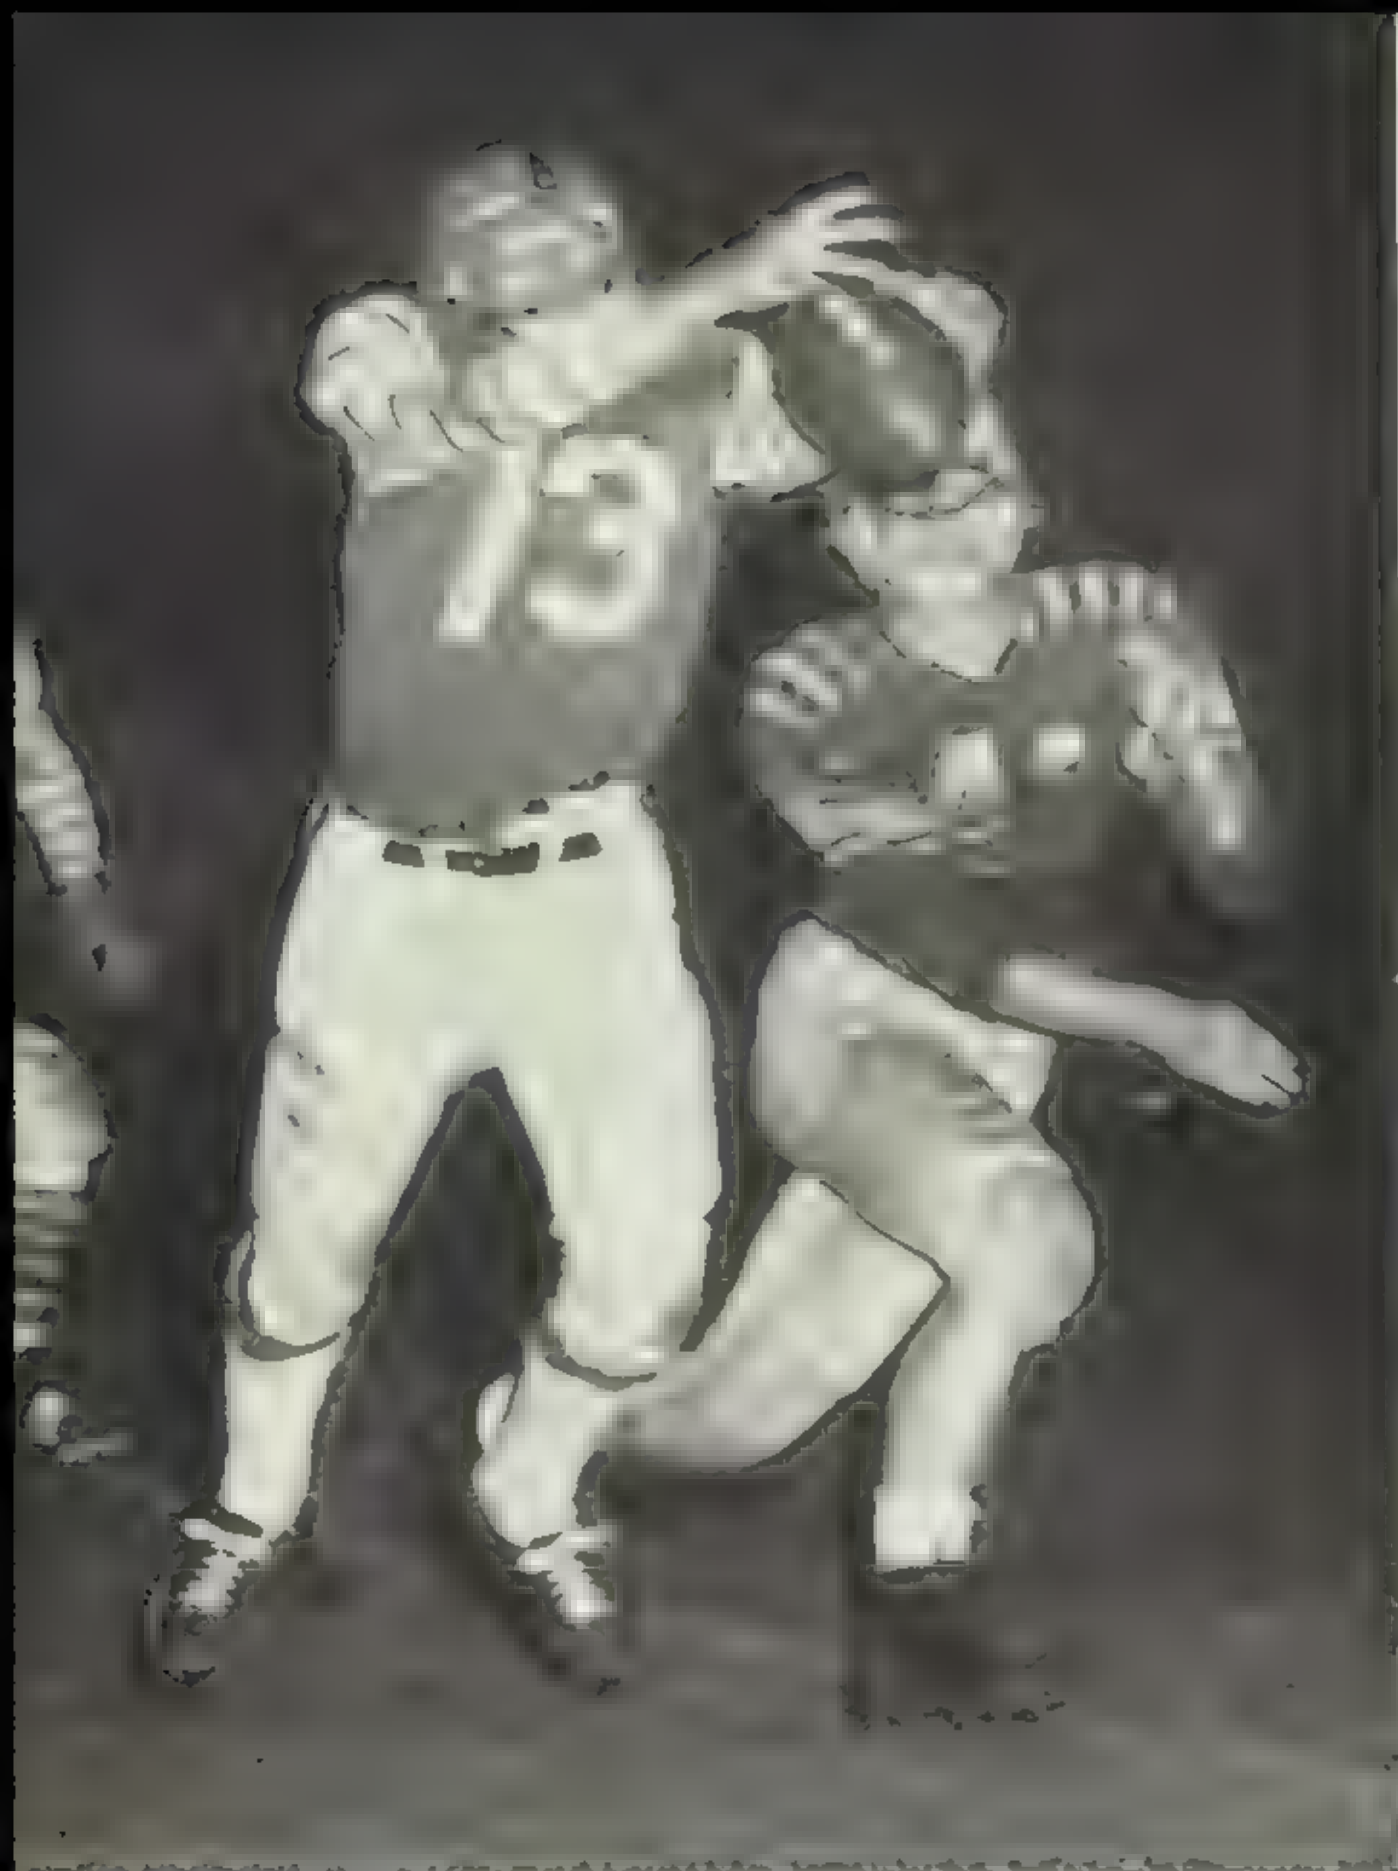

The Tigers took the lead in city football with a win over Woodward; however, they lost Frank Barrow through injury. After a defeat at Sandusky, the offense began to sparkle again. DeVilbiss went to Lima and tied them after a hard-fought game. Macomber was their next city victim. Coach Inman's speedy backs and Mr. Hardy's line played better than ever before. Dick Holt sparked the line play while Dave Schnorf kept the defense ever on the alert.

Leading by nineteen points in the third quarter against Scott, the defending champs scored three more times before a large crowd. Jerry Bushong gained in polish along with backs Bob Renkopf and Ron England.

Stonewall Jackson High in Charleston, West Virginia, was host to DeVilbiss the next week. After a pleasant day meeting the other team, DeVilbiss won by two touchdowns.

An interesting feature was the absence of any penalties. Jerry Wertz and John Koontz played their usual fine football.

After easy wins over Central and Whitmer, the only threat remaining to a second city championship was Libbey. After a fine mass meeting the team looked forward to the Thanksgiving Day game. The fans supported their team almost one hundred percent. After a close first half the Tigers returned to form, completely outplaying the bewildered Libbey team. Once again, for the second year in a row, championship football has returned to DeVilbiss.

The tennis team was composed mainly of sophomores and juniors. Despite this handicap they played many fine matches and won their games with great spirit and sportsmanship. Bob Dietsche and John Wiley went to the state tournament for singles. Wiley lost in the semi-finals. Dietsche was recommended for his fine playing before he bowed in the finals. Ranked as the second best player in the state, Bob received much acclaim.

In city play the team was successful winning all their matches and thus went on to win the city championship. Ron Gregg and Bart Burkhalter excelled in doubles. Ty Cottey, Jim Jeffery, along with Bob Pavkovic, were constant contributors and very ably aided the team's record. This season's entire team will be back next year in hopes of surpassing their record.

These girls decided at the outset of the year to plan a well-
 rounded program with at least three service projects and
 three social events, for as the saying goes, all work and
 no play makes Jill a dull girl. Reserving the second and
 fourth Tuesdays of each month for their meetings, the Y-
 Teens arranged to assemble in either the room of their
 faculty adviser, Mrs. Grace Knapp, or in the home of one
 of the members. Open to all Junior girls, this club main-
 tained a balance of interests. The girls met new friends
 and learned to co-ordinate their activities and at the same
 time grew in character and personality. This year Junior
 Y-Teens succeeded in their purpose of uniting in a spirit of
 friendliness and service.

Many of the young women who are members of the A. J. Smith High School Student Body are active in promoting goodwill. They are doing this by participating in various activities, such as the "Charlemos" program. This program is designed to help students learn about the lives of people from different cultures and to promote understanding and friendship between them. The students are encouraged to share their own experiences and to listen to the stories of others. This helps to build a sense of community and to foster a spirit of goodwill. The "Charlemos" program is a valuable part of the school's curriculum and is an important way for students to learn about the world around them.

looking ahead to a career . . . engineering society

Officers: (L to R) Bob Hovey, President; Hal Hovey, Vice President; Miss Eva Samsen, Secretary; Miss Mary T. ...

One of DeVilbiss's most interesting groups of clubs organized last year is the Engineering Society. The group's president Hal Hovey and its secretary Miss Eva Samsen have helped a great deal by informing the members of the Engineering Society. To become a member of the Engineering Society you must maintain at least a B average in Science, Math, and English and be a senior in high school. Meetings are held in members' homes or in the school. Already this year they have visited several engineering offices and have been to the University of Michigan to see the new Ford Motor Co. building. The group has also seen the new Ford Motor Co. building in Detroit. The Engineering Society has been helped by its members to help in education and engineering.

Officers

The first thing I did when I got to the school was to go to the library. I found a lot of books and I was very interested in them. I was especially interested in the books about the history of the school. I found out that the school was founded in 1880 and that it had a long and interesting history. I was also interested in the books about the school's achievements. I found out that the school had won many awards and that it was one of the best schools in the district. I was very proud to be a part of the school and I was determined to do my best.

The very first thing I noticed when I stepped out of the car was the smell of fresh air. It was a relief after being cooped up in the car for so long. I walked towards the entrance of the building, feeling a bit nervous. The building was a large, old structure with many windows. I saw a sign that said "Welcome" and I felt a bit better. I walked inside and saw a receptionist. I asked her for the name of the person I was supposed to meet. She told me it was Mr. Smith. I walked down a long hallway and saw many doors. I knocked on one of the doors and a man came out. He told me that Mr. Smith was in his office. I walked into the office and saw Mr. Smith. He was a middle-aged man with short hair. He asked me how I was and I told him I was fine. He then asked me what I was doing there. I told him that I was here to see him about a job. He then asked me some questions about my background and experience. I answered them as best I could. He then told me that he would think about it and get back to me. I thanked him and walked out of the office. I felt a bit better now that I had seen Mr. Smith. I walked back to the car and got in. I felt a bit nervous again, but I knew that I had to keep going. I drove home and thought about what had happened. I felt a bit better now that I had seen Mr. Smith. I knew that I had to keep going and that I would find a way to make it work.

"Make no little plans . . .

They have no magic to stir men's blood, and probably themselves will not be realized. Make big plans; aim high in hope and work, remembering that a noble diagram once recorded will never die. Remember that our sons and grandsons are going to do things that will stagger us."

Fiberglas materials, in many versatile forms provide comfort, economy, efficiency, and quality in thousands of products. Small wonder people say . . . **What'll they do next with Fiberglas materials?** The only limit is man's ingenuity. Sparking that ingenuity and helping it work new wonders continues to be our job and challenge at Owens Corning. In the years ahead, you'll see many more reasons why we can promise . . .
